Gentlemen:

Attached please find copies of Appropriation Ordinance No. 3, 1937, appropriating and allocating the sum of One Hundred Thirty-two Thousand Eight Hundred Twenty-one Dollars and Forty-seven Cents (\$132,821.47), received on January 6, 1937, from the State of Indiana as revenue under the Gasoline Tax, to various departments of the City of Indianapolis, in accordance with the provisions of Section 5 of General Ordinance No. 60, 1936.

I respectfully request the passage of this ordinance.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 4, 1937, appropriating One Hundred Fifty-three Dollars and Ninety Cents (\$153.90) from the 1936 balance of the Sanitary Maintenance and General Expense Fund to Board of Public Works and Sanitation, Sewage Disposal Plant, Fund No. 11—Salaries and Wages, Regular—Engineer, Operating, Jr.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

January 15, 1937.

Mr. Walter Boetcher,
City Comptroller,
City Hall,
City.

Dear Sir:

Re: Correction in 1937 Budget.

There are three "Engineer Operating, Jr." on our pay-roll. These men work one on each of the three shifts in the day. They do exactly the same work and have the same responsibilities. Because the power plant supplies about one-third of its produced energy to the garbage plant, and two-thirds to the sewage plant, the salaries of the power plant employees are divided on a similar ratio. Two of the engineers are paid from sewage plant funds and one from the garbage plant funds.

The engineer paid from the garbage plant funds received his 5% increase in salary in the 1937 budget, but the two engineers on the sewage plant budget received no increase at all.

It is my opinion that this apparent error came about because the number of engineers (2) was not printed in the budget, and that the council believed that the sum stated was for one man instead of two.

I recommend that the budget be changed to read "Engineer Operating, Jr." (2) \$3,231.90, as of January 1, 1937. This will call for a transfer of \$153.90 from the unexpended balance of 1936 to account number VI-11.

I trust that you will see fit to approve this transfer as I think that it should be done in fairness to the men involved.

Respectfully,

/s/ DON E. BLOODGOOD.

Hon. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Park Commissioners respectfully requests that you have prepared an ordinance appropriating out of the unappropriated and unexpended balances in the Park General Fund on January 1, 1937, the sum of \$2,080.00, into Fund No. 13, Other Compensation, for the purpose of paying for the services of an experienced consultant in the development of the new West Side park property and the Holliday park property, and present the same to the Common Council at its next meeting.

Yours very respectfully,

/s/ LOUISE RICH,
Auditor.

January 18, 1937.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 6, 1937, appropriating Five Thousand Dollars (\$5,000) from the unappropriated and unexpended 1936 balance of the Gasoline Tax Fund to Gamewell Division—Gasoline Tax Budget Fund No. 44—General Materials.

I respectfully recommend the passage of this ordinance.

Yours very truly,
WALTER C. BOETCHER,
City Controller.

January 11, 1937.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

When the 1937 budget was prepared Thomas Haefling, Superintendent of the Gamewell Division, requested an appropriation of \$10,000.00 to the Gamewell budget, Fund No. 44—General Materials, for the purpose of buying materials for the construction of traffic signals and the installation of the signals. When the budget reached the Marion County Adjustment Board they cut this particular fund to \$5,000.00, promising at the time that they would reimburse this fund from the State Gasoline Tax revenue. They later found they could not do this and the fund now stands at only \$5,000.00.

Five thousand dollars is inadequate to meet the need and demand for new signals. A careful investigation has been made of the many petitions filed for traffic signals, as well as the demands made by civic groups appearing before the Board of Safety requesting protection at one place and another, and a preferential list was prepared of the most hazardous intersections and promises virtually made by this Board to install signals at many of the intersections on the strength of a sufficient appropriation being provided in the current budget for that particular purpose.

We, therefore, ask that you cause to be prepared an ordinance requesting the Common Council to appropriate Five Thousand (\$5,000.00) Dollars from the State Gasoline Tax revenue to the Gamewell Division budget—Fund No. 44—General Materials—in order that we may proceed with our safety program and install many of these badly needed signals.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

By: THEO. H. DAMMEYER,
President.

WALTER C. BOETCHER,

January 16, 1937.

Mr. Daniel J. O'Neill,
City Clerk,
Police Headquarters,
Indianapolis, Indiana.

My Dear Sir:

At the last meeting of the Council, we introduced an ordinance for the Purchase of Five trucks and inadvertently asked for the amount of Five Thousand One Hundred Dollars instead of Six Thousand One Hundred Dollars.

I had the Legal Department prepare an amendment to said ordinance, making the proper correction so that it will read Six Thousand One Hundred Dollars, and I am asking you to see that this is presented in due form.

I believe Mr. Steeg, under whose Department these trucks are being purchased, explained to some members of the Council this situation.

Very truly yours,

DEPARTMENT OF PUBLIC PURCHASE

ALBERT H. LOSCHE,
Purchasing Agent.

Encl.

P. S. In view of the fact that I am going to the Inauguration, I cannot be present personally to explain this correction.

Mr. Cable asked for a recess. The motion was seconded by Mr. Oren and the Council recessed at 7:45 p. m.

The Council reconvened at 8:00 p. m., with the same members present as before.

To the President and Members
of the Common Council of the

Gentlemen:

Attached find copies of General Ordinance No. 13, 1937, authorizing the Board of Health to contract for the demolition of certain old buildings at the City Hospital and the erection of temporary corridors thereon.

This work is to be done in preparing a site for the proposed new building to be constructed at the hospital. Plans for such work have been prepared by J. March 11, 1937

To The Honorable Board of
Public Safety Commissioners,
City Hall Building,
Indianapolis, Indiana.

Gentlemen:

I am herewith submitting a detailed report of my investigation in connection with the alleged intimidation of members of the Indiana State Legislature at the Indiana State Capitol Building, during the period of the 1937 Legislature Assembly, by members of the Indianapolis Police Department.

On Friday, February 26, 1937, I received an anonymous telephone call, regarding one of our officers (name not given) who was supposed to be acting in an un-officer-like manner on the second floor of the Indiana State Capitol Building, in the corridors, just outside the Senate Chambers. On Monday, March 1, 1937, I received another anonymous telephone call, calling my attention to the manner in which Detective Sergeant John Dalton (who is assigned to Marion County Criminal Court as Investigator) was conducting himself in the corridors of the Indiana State Capitol Building. On Monday, March 1st at 3 P. M., while I was in the office of the Board of Public Safety, I received additional information as to the manner in which two officers from this Department (in plain clothes) were conducting themselves in the corridors of the Indiana State Capitol Building.

On Tuesday, March 2, 1937, I talked to Detective Sergeant John Dalton in regard to his activities at the Indiana State Legislature in the Indiana State Capitol Building and mentioned to him the complaints that I had received. He acknowledged some of the accusations and did deny some of the accusations. He also admitted that he was not ordered to the Legislature by any authority within our Department and that he had no business there to conduct in connection with his Marion County Criminal Court duties. He further stated that he was in and around the lobbies of the Indiana State Capitol Building on several different occasions.

I, at that time informed him that we had always practiced detailing men from this Department to the Legislature and since that had been done, and that since he was not one of the men detailed there, I ordered him to discontinue his visits to the Legislature lobbies unless it was on official business.

On Tuesday, March 2, 1937, in the P. M. I started my personal investigation of the alleged charges concerning officers of this Depart-

ment at the Indiana State Capitol Building. On my visit to the Indiana State Capitol Building, I talked to State Senators, employees and visitors to the Senate, also to State Representatives, employees and visitors to the House of Representatives.

I learned and am convinced that Detective Sergeant John Dalton was "GUILTY" of "CONDUCT UNBECOMING AN OFFICER" and that he also was "GUILTY" of violating the following Rules of the Indianapolis Police Department:

Rule No. 25.—"Members shall extend respect to superior officers at all times."

Rule No. 26.—"Each member of the Department is required at all time to be polite in his dealings with citizens and respectful and policemanlike in his dealings with other officers: to be prompt and thorough in obedience to orders, alert and keen in his duties, and always endeavoring to learn his duties more thoroughly. Each member is required to restrain himself under annoyance and shall keep his temper under control: to remember that his duty is first of all to protect lives and property and to apprehend criminals. He must refrain from harsh, violent, coarse, profane or insolent language, but shall act with firmness and sufficient authority to preform his duties."

Rule No. 28.—"Officers shall not be guilty of any misconduct or neglect of duty or conduct unbecoming an officer and a gentleman, although such conduct be not specifically mentioned and set forth in these Rules."

Rule No. 42.—"No member of the Department shall partake of intoxicants while on assigned duty or at any time while in uniform. No member of the Department shall report for duty under the influence of intoxicants."

Following are the reason for which I am convinced that Detective Sergeant John Dalton was guilty of "CONDUCT UNBECOMING AN OFFICER" and the violation of the above mentioned Rules of the Department:

That on Friday, February 26, 1937, Detective Sergeant John Dalton appeared in the lobbies of the Indiana State Capitol Building, his condition and manner implying that he had been drinking, he approached Senator Joseph Sexton in connection with a certain Act or Bill, namely; the police and Firemen's Minimum Salary Bill, and in a loud and boisterous manner, swore at, blasphemed and threatened Senator Joseph Sexton politically for his not expressing himself in favor of the Police and Firemen's Minimum Salary Bill

as written. He continued his unofficerlike manner for some time, drawing quite a crowd of Senators, Representatives, employees and visitors to the Legislature to the scene. Others, who became worried that something might happen, cautioned Senator Sexton and Senator Sexton told them that he was alright and that there was nothing to worry about, and at the same time, he called to Detective Sergeant John Dugan, (who is assigned to the Marion County Prosecutor's Office) and who was present in the lobby of the Indiana State Capitol Building, without official permission, to come and take Detective Sergeant John Dalton away, which Detective Sergeant John Dugan did do in a short time, taking him out of the Indiana State Capitol Building.

That on the next day or the day following (I am not positive as to the day) that Detective Sergeant John Dalton approached Senator Martin Cleary in the lobbies of the Indiana State Capitol Building, opposing Senate Bill No. 274—and in a loud and boisterous manner, using profane language and talking in disrespect of his superior officers, thereby acting in an unofficerlike manner.

That on Monday, March 1, 1937, in the P. M. after the Pete Cancilla-Wayne Coy incident, in company with Detective Sergeant John Dugan, Detective Sergeant John Dalton was standing in the corridors of the Indiana State Capitol Building. Senator Martin Cleary passed a remark, that it was terrible thing that that fellow struck Wayne Coy and that Detective Sergeant John Dalton made the remark or words to this effect, that he was not hurt and you had better tend to your own business and lay off the Cancilla matter or you might not be safe going back to the hotel from here.

The above report covers all the important facts of my investigation other than heresay.

On the above information and which I am convinced it is true, I did not prefer charges on Detective Sergeant John Dalton, as I felt that the Police Trial Board and the Board of Public Safety are more or less handicapped by law, being able only to punish by 30 days suspension or 30 days fine of pay, the fine being credited to the Police Pension Fund. I therefore having power as Chief of Police, to demote in rank any officer, (the demoted officer having the right of appeal to the Board of Public Safety Commissioners, to show cause for demotion) I demoted Detective Sergeant John Dalton from the rank of Detective Sergeant to the rank of First Grade Patrolman, effective March 3, 1937. I felt the demotion would be more effective as a disciplinary measure, than any suspension from duty, other than a dismissal from the Department as Detective Sergeant

John Dalton had served more than 22 years as a member of the Department.

I am convinced that Detective Sergeant John Dugan is "GUILTY" of violating the following Rule of the Indianapolis Police Department;

Rule No. 24.—"Every member of the Department shall report violations of orders or Rules and Regulations governing the Department, to the superior officer in command."

My investigation showed that Detective Sergeant John Dugan at no time acted in an unofficerlike manner, he did not abuse or lobby for any certain Act or Bill nor in any manner try to influence any Senator or Representative. He did have a conversation with Senator Martin Cleary of Ft. Wayne-Allen County, regarding baseball in which both are interested and in which both have mutual friends connected. However, since Detective Sergeant John Dugan had no official business that should have taken him to the Indiana State Capitol Building on either of his visits and since he was not detailed there from this Department and since he did visit the Indiana State Capitol Building in company with Detective Sergeant John Dalton and knew of the actions of Detective Sergeant John Dalton on Friday, February 26, 1937, and also on Monday, March 1st, making no report to his superior officers in this Department of such visits and of the conduct of Detective Sergeant John Dalton, in order for his superior officers to maintain discipline, I felt it was my duty to place Detective Sergeant Dugan back under full jurisdiction of this Department. I, therefore, ordered his removal from his assignment to the Marion County Prosecutor's Office to the Detective Division of this Department.

For your information, there was detailed from this Department, to the Legislature Sessions as an act of courtesy, Detective Sergeant George Hubbard and the Secretary of Our Police Pension Fund, Patrolman Harry Irick, of whom my investigation shows, acted as officers and in an officerlike manner at all time and we have received no complaints. Also my investigation disclosed that other officers of this Department while off duty, visited the House and Senate Chambers and conducted themselves in an officerlike manner and as gentlemen at all time and we have received no complaints.

I therefore, suggest and recommend that your Honorable Board concur in my action as taken, unless some future development grows out of the Legislature Committee's investigation or the investigation of the Marion County Grand Jury, which would prove a felonious act committed by one of our officers, since Detective Sergeant John Dalton has served 22 years as a member of the Department and since

Detective Sergeant John Dugan has served more than 21 years as a member of the Department.

In conclusion may I suggest and recommend that in the future your Honorable Board does not approve the assignment of any member of this Department to any other Department, except in an emergency.

Respectfully submitted.

March 11, 1937.

To the Honorable Board of
Public Safety Commissioners,
City Hall Building,
Indianapolis, Indiana.

Gentlemen:

I am herewith submitting a detailed report of my investigation in connection with the alleged intimidation of members of the Indiana State Legislature at the Indiana State Capitol Building, during the period of the 1937 Legislature Assembly, by members of the Indianapolis Police Department.

On Friday, February 26, 1937, I received an anonymous telephone call, regarding one of our officers (name not given) who was supposed to be acting in an un-officer-like manner on the second floor of the Indiana State Capitol Building, in the corridors, just outside the Senate Chambers. On Monday, March 1, 1937, I received another anonymous telephone call, calling my attention to the manner in which Detective Sergeant John Dalton (who is assigned to Marion County Criminal Court as Investigator) was conducting himself in the corridors of the Indiana State Capitol Building. On Monday, March 1st at 3 PM while I was in the office of the Board of Public Safety, I received additional information as to the manner in which two officers from this Department (in plain clothes) were conducting themselves in the corridors of the Indiana State Capitol Building.

On Tuesday, March 2, 1937, I talked to Detective Sergeant John Dalton in regard to his activities at the Indiana State Legislature in the Indiana State Capitol Building, and mentioned to him the complaints that I had received. He acknowledged some of the accusations and did deny some of the accusations. He also admitted that he was not ordered to the Legislature by any authority within our Department and that he had no business there to conduct in connection with his Marion County Criminal Court duties. He further stated that he was in and around the lobbies of the Indiana State Capitol Building on several different occasions.

I, at that time informed him that we had always practiced detailing men from this Department to the Legislature and since that had been done, and that since he was not one of the men detailed there, I ordered him to discontinue his visits to the Legislature lobbies unless it was on official business.

On Tuesday, March 2, 1937, in the PM I started my personal investigation of the alleged charges concerning officers of this Department at the Indiana State Capitol Building. On my visit to the Indiana State Capitol Building, I talked to State Senators, employees and visitors to the Senate, also to State Representatives, employees and visitors to the House of Representatives.

I learned and am convinced that Detective Sergeant John Dalton was "GUILTY" of "CONDUCT UNBECOMING AN OFFICER" and that he also was "GUILTY" of violating the following rules of the Indianapolis Police Department:

Rule No. 25.—"Members shall extend respect to superior officers at all times."

Rule No. 26—"Each member of the Department is required at all times to be polite in his dealings with citizens and respectful and policemanlike in his dealings with other officers; to be prompt and thorough in obedience to orders, alert and keen in his duties, and always endeavoring to learn his duties more thoroughly. Each member is required to restrain himself under annoyance and shall keep his temper under control; to remember that his duty is first of all to protect lives and property and to apprehend criminals. He must refrain from harsh, violent, coarse, profane or insolent language, but shall act with firmness and sufficient authority to perform his duties."

Rule No. 28—"Officers shall not be guilty of any misconduct or neglect of duty or conduct unbecoming an officer and a gentlemen, although such conduct be not specifically mentioned and set forth in these Rules."

Rule No. 42.—"No member of the Department shall partake of intoxicants while on assigned duty or at any time while in uniform. No member of the Department shall report for duty under the influence of intoxicants."

Following are the reasons for which I am convinced that Detective Sergeant John Dalton was guilty of "CONDUCT UNBECOMING AN OFFICER" and the violation of the above mentioned Rules of the Department:

That on Thursday, February 26, 1937, Detective Sergeant John Dalton appeared in the lobbies of the Indiana State Capitol Building, his condition and manner implying that he had been drinking, he approached Senator Joseph Sexton in connection with a certain Act or Bill, namely: the Police and Firemen's Minimum Salary Bill, and in a loud and boisterous manner, swore at, blasphemed and threatened

Senator Joseph Sexton politically for his not expressing himself in favor of the Police and Firemen's Minimum Salary Bill as written. He continued his unofficerlike manner for some time, drawing quite a crowd of Senators, Representatives, employees and visitors to the Legislature to the scene. Others, who became worried that something might happen, cautioned Senator Sexton and Senator Sexton told them that he was alright and that there was nothing to worry about, and at the same time, he called to Detective Sergeant John Dugan, (who is assigned to the Marion County Prosecutor's Office) and who was present in the lobby of the Indiana State Capitol Building, without official permission, to come and take Detective Sergeant John Dalton away, which Detective Sergeant John Dugan did do in a short time, taking him out of the Indiana State Capitol Building.

That on the next day or the day following (I am not positive as to the day) that Detective Sergeant John Dalton approached Senator Martin Cleary in the lobbies of the Indiana State Capitol Building, opposing Senate Bill No. 274—and in a loud and boisterous manner, using profane language and talking in disrespect of his superior officers, thereby acting in an unofficerlike manner.

That on Monday, March 1, 1937, in the P. M. after the Pete Cancilla-Wayne Coy incident, in company with Detective Sergeant John Dugan, Detective Sergeant John Dalton was standing in the corridors of the Indiana State Capitol Building. Senator Martin Cleary passed a remark, that it was a terrible thing that that fellow struck Wayne Coy, and that Detective Sergeant John Dalton made the remark or words to this effect, that he was not hurt and you had better tend to your own business and lay off the Cancilla matter or you might not be safe in going back to the hotel from here.

The above report covers all the important facts of my investigation other than hearsay.

On the above information and which I am convinced is true, I did not prefer charges on Detective Sergeant John Dalton, as I felt that the Police Trial Board and the Board of Public Safety are more or less handicapped by law, being able to punish by 30 days suspensions or 30 days fine of pay, the fine being credited to the Police Pension Fund. I therefore having power as Chief of Police, to demote in rank any officer, (the demoted officer having the right of appeal to the Board of Public Safety Commissioners, to show cause for demotion) I demoted Detective Sergeant John Dalton from the rank of Detective Sergeant to the rank of First Grade Patrolman, effective March 3, 1937. I felt that the demotion would be more effective as a disciplinary measure than any suspension from duty, other than dismissal from the Department, as Detective Sergeant

John Dalton had served more than 22 years as a member of the Department.

I am convinced that Detective Sergeant John Dugan is "GUILTY" of violating the following Rule of the Indianapolis Police Department:

Rule No. 24.—"Every member of the Department shall report violations of orders or Rules and Regulations governing the Department, to the superior officer in command."

My investigation showed that Detective Sergeant John Dugan at no time acted in an unofficerlike manner, he did not abuse or lobby for any certain Act or Bill nor in any manner try to influence any Senator or Representative. He did have a conversation with Senator Martin Cleary of Ft. Wayne-Allen County, regarding baseball in which both are interested and in which both have mutual friends connected. However, since Detective Sergeant John Dugan had no official business that should have taken him to the Indiana State Capitol Building on either of his visits and since he was not detailed there from this Department and since he did visit the Indiana State Capitol Building in company with Detective Sergeant John Dalton and knew of the actions of Detective Sergeant John Dalton on Friday, February 26, 1937, and also on Monday, March 1st, making no report to his superior officers in this Department of such visits and of the conduct of Detective Sergeant John Dalton, in order for his superior officers to maintain discipline, I felt it was my duty to place Detective Sergeant Dugan back under full jurisdiction of this Department. I, therefore, ordered his removal from his assignment to the Marion County Prosecutor's Office to the Detective Division of this Department.

For your information, there was detailed from this Department, to the Legislature Sessions as an act of courtesy, Detective Sergeant George Hubbard and the Secretary of Our Police Pension Fund, Patrolman Harry Irick, of whom my investigation shows, acted as officers and in an officerlike manner at all times, and we have received no complaints. Also my investigation disclosed that other officers of this Department, while off duty, visited the House and Senate Chambers and conducted themselves in an officerlike manner and as gentlemen at all times and we have received no complaints.

I therefore suggest and recommend that your Honorable Board concur in my action as taken, unless some future development grows out of the Legislature Committee's investigation or the investigation of the Marion County Grand Jury, which would prove a felonious act committed by one of our officers, since Detective Sergeant John

STATE HIGHWAY COMMISSION OF INDIANA
State House Annex
INDIANAPOLIS, INDIANA

March 26, 1937.

Hon. John W. Kern,
Mayor,
Indianapolis, Indiana.

Dear Sir:

The Federal road authorities have approved certain projects in your city, to be made with Federal funds as authorized by House Resolution 11687 of the 74th Congress, which projects are set out in the enclosed ordinance. Plans are now being prepared for these improvements and, as rapidly as they are finished, they will be forwarded to the U. S. Bureau of Public Roads for approval.

In the meantime, if any public or municipal utility has pipes, lines or conduits in the street or streets to be improved, which should be renewed or removed, your city must take immediate steps to have this done so that when awarded the contractor may not be delayed in the performance of his contract. If there are any sewers in the street, they must be examined and put in good condition by the city.

We are enclosing an ordinance, three copies of which your city will be required to at once adopt. This is essential and must be done before the U. S. Bureau of Public Roads will finally authorize the projects in your city. We are also enclosing the form of a contract to be entered into between the City and State, and providing for the maintenance of each of the projects. This contract must be executed in triplicate, after the adoption of such ordinance, and all copies sent to this Commission, whereupon one copy, after execution, will be returned to you. All three copies of the contract will be certified by the City Clerk, and the seal of the city affixed where called for. Two copies of the ordinance will also be certified and forwarded to the Commission, the original copy will be retained for your files.

Later it will be necessary for your city to execute an ordinance for the protection of such projects containing the provisions, where applicable, required by Section Six (6) of the ordinance enclosed. In this connection you will remember that these particular streets are being improved by the Federal Government, in order to expedite traffic on Federal highways through the City, and naturally the Government demands that these improvements be protected after they are made. The form of this ordinance will be prepared by the Commission and forwarded to you for adoption.

April 4, 1937]

City of Indianapolis, Ind.

153

If additional right of way in the City will be required for the project, you will be notified just what additional rights are required, and your City will be required to obtain such right of way at its expense.

You are urged to AT once call a special meeting of the Common Council of your City, pass the enclosed ordinance, and at once return the documents to this Commission, properly executed as above outlined.

Correspondence concerning these projects should be addressed to the Commission. If your city does not desire this improvement, please notify us at once.

Yours very truly,

/s/ M. R. KEEFE,
Chief Engineer.

April 16, 1937.

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

The Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$62,923.73, from the gasoline tax balance of December 31, 1936, placing the same into Board of Public Works and Sanitation, Administration No. 26, and submit the same to the Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed.

For your information and also information of the members of the Council this large balance remaining in the 1936 fund was earmarked and set aside for certain street improvements for which contracts were awarded for in 1936, but construction was held in abeyance on account of the weather. These contracts were on the two sections of College Avenue, from 30th to 38th Streets, and also Alabama Street, from Ft. Wayne Avenue to 11th Street.

Very truly yours,

BOARD OF PUBLIC WORKS & SANITATION

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 17, 1937, appropriating the sum of Four Hundred and Fifty Dollars (\$450.00) from the unexpended and unappropriated 1936 balance of the general fund to Department of Law Fund No. 72—Equipment.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

April 16, 1937.

Mr. Walter C. Boetcher,
City Controller,
Indianapolis, Indiana.

Dear Sir:

Captain Martin J. Logan, who is claim agent for the Department of Law, is occupied a good share of the time in traveling over the city making investigation of claims and law suits against the city. Captain Logan is very much handicapped in this work because of the lack of proper transportation facilities, and I feel that an automobile should be provided for use of this department in conducting that work and also for use by the various members of the legal staff in the trial of cases claiming damages for accidents caused by defects in the city streets, which cases have been venued from the Marion County courts to courts in adjoining counties. We have a number of such cases pending almost all of the time and, due to the lack of adequate transportation facilities, it is quite a problem to get our witnesses to those courts to testify at such trials. The only city owned automobile that is ever at the disposal of this department is an old Buick, which cannot be depended upon to make such trips and which also is often in use for other purposes at times when it is most imperative that we have immediate use of a dependable automobile for the prompt transportation of attorneys and witnesses to out of town courts.

To meet these various needs, I am requesting the appropriation, by ordinance of the common council, of \$450.00 from the unexpended and unappropriated 1936 balance of the general fund to Department of Law Fund No. 72—Equipment, for the purchase of an automobile. If this request meets with your approval, I should be pleased to have you recommend such appropriation.

Very truly yours,

/s/ F. J. MATTICE,
Corporation Counsel.

Mr. Walter C. Boetcher,
City Controller,
Indianapolis, Indiana.

Dear Mr. Boetcher:

Will you please take the necessary steps to secure an additional appropriation of fifty dollars (\$50.00) for Fund No. 21 of this office?

You will recall that there was a deficiency of this fund last year, and I anticipate that the deficiency this year will be even greater because of the increased demands on this fund occasioned by the emergency communications in connection with this City's service to the flood sufferers.

Very truly yours,

/s/ JOHN W. KERN,
Mayor.

Dear Sir:

The Board of Park Commissioners respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$11,000.00 out of the unexpended and unappropriated balance in the Park General Fund at the close of the year 1936, to be placed in the following funds:

731—Land, \$5,000.00, to be used for the purchase of ground adjoining the present Greer Street Playground (\$4,000.00) and ground adjoining the Big Eagle Creek Park property (\$1,000.00);

713—Improvements, \$6,000.00, to be used for the purchase of materials for the ten additional wading pools now being proposed for construction.

and submit the same to the Common Council at its next meeting for approval.

Dear Sir:

The 1937 General Assembly created an additional executive department of the City of Indianapolis, known as the Department of Flood Control.

Section 18 of the acreated said department provides that upon the organization of the Board of Flood Control Commissioners, all unexpended and unappropriated moneys now accumulated in Flood Prevention—Bond Issue fund of the City of Indianapolis shall be transferred to and become part of the Flood Control Maintenance and General Expense fund of said Board, and thereafter may be expended by such Board for the purpose of paying its general expenses.

It is the opinion of this Board that it should operate under the general budget law applying to the City of Indianapolis. Therefor, the Board has prepared and adopted a budget for the current year in the total sum of \$52,897.93; and it is transmitting same to you with the recommendation that you cause to be prepared an ordinance to be transmitted to the Common Council with the recommendation that same be approved, upon the condition that the moneys now in the Maintenance and General Expense fund of said Board be transferred from and appropriated to the various items as shown in said budget.

Gentlemen and Mrs. Dowd:

Inclosed is a copy of "Survey of Police Radio Cars and Crime Conditions in the City of Indianapolis." As a group who are vitally

interested in Civic affairs, I believe you will be interested in this survey.

This survey goes into great detail in our attempt to get actual facts and data with which we are able to attack our many problems in fighting crime. Since I have held the office of Chief of Police I have tried continually to eliminate the guess-work in police work by conducting such detailed surveys, by modernization and by training of men.

This survey takes into consideration a great number of crimes, a total of 10,053, occurring over a long period of time, therefore, it gives us actual average facts, charts and tables contained therein show us WHEN to expect the peaks of different types of crimes, accidents, etc., it shows WHERE we can expect it, and shows the variation between week days and week ends, along with many other facts. Each chart is fully discussed and is accomplished by a table of statistics.

I wish particularly to call your attention, besides the charts and data to the introduction on pages 2 and 5, with special notice to pages 4 and 5. Of course we immediately made many changes indicated in the findings of this survey. I will appreciate receiving your comment on this survey.

Yours very truly,

MICHAEL F. MORRISSEY,

Chief of Police.

Mr. Raub asked if there were any taxpayers present who wished to be heard in the matter of Appropriation Ordinances Nos. 11, 12, 13, 14 and 15, 1937. There was no response.

Mr. Oren asked for a recess. The motion was seconded by Mr. Cable and the Council recessed at 7:45 p. m.

The Council reconvened at 8:35 p. m., with all members present.

COMMUNICATIONS FROM CITY OFFICIALS

May 3, 1937.

To the Members of the Common
Council of the City of Indianapolis.

Gentlemen:

I am herewith enclosing fourteen copies of Resolution No. 3, being a resolution requiring the President of the Board of Safety of the City of Indianapolis to furnish to the Common Council of the City of Indianapolis a complete list of the members of the Police Department and Fire Department, showing the political affiliations of said policemen and firemen. The members, of course, realize that the law provides that there should be an equal number of Republicans and Democratic policemen and firemen.

Theodore Dammyer, President of the Board of Safety of the City of Indianapolis, on numerous occasions has made statements, together with Mayor Kern, that there were more Republicans in the Police and Fire Departments than there were Democrats, which I believe to be untrue. Republican applicants for positions to these two departments have been unduly discriminated against by Mayor Kern and Theodore Dammyer, of the Board of Safety, and their applications have not been given fair consideration. I have reason to believe that there is an organized political effort on foot to keep deserving Republican applicants out of the Police and Fire Departments.

Inasmuch as the law provides that the number of Republicans and Democrats should be equal and in view of the statements made by Mayor Kern and Theodore Dammyer, this Common Council is entitled to know the truth about the situation and we believe that in all fairness to the citizens of Indianapolis, such complete list of policemen and firemen should be furnished the Common Council without undue delay. If the Mayor and the President of the Board of Safety have nothing to hide, there should be no question about furnishing this complete list promptly.

I believe that this Common Council should place itself above politics and in the spirit of good government, set an example for others to follow. Of course, if the Common Council is not interested in living up to the law and providing good government for the citizens of this community, it would be their duty to vote against this resolution.

Very truly yours,

EDWARD R. KEALING,
Councilman.

April 22, 1937.

To the Honorable President and

Fire Department:

289—Democrats,
307—Republicans.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,
BLYTHE Q. HENDRICKS,

May 3, 1937.

Gentlemen:

We, your Committee on Public Works, to whom was referred

SILAS J. CARR.

Indianapolis, Ind., May 17, 1937.

To the President Raub and Members of Common
Council of City of Indianapolis.

We, the Special Committee consisting of Mr. Kealing, Mr. Oren and Mr. Schumacher, to which was referred Resolution No. 3, 1937, make the following report:

Mr. Kealing filed 14 copies of Resolution No. 3, 1937, just a few minutes before 12:00 noon with the City Clerk on May 3, 1937.

Referring to Rule 5 of Rules and Regulations governing the Common Council of the City of Indianapolis;

No ordinance shall be introduced at any regular meeting unless 14 copies of the same have been in the hands of the City Clerk at least at noon of the day on which such regular meeting is held.

This Special Committee wrote a letter to the Board of Safety on December 18, 1936, requesting that the names and politics of every person on the Police and Fire Departments of the City of Indianapolis be sent them as soon as possible.

During all these months the lists were not sent us so at the last possible filing date on May 3, 1937, Resolution No. 3, 1937, was filed with the City Clerk. But lo and behold, that evening at Council meeting two lists were presented to the Council.

We again state, that according to the merit law, there should be an equal number of Republicans and Democratic policemen and firemen. The Police list given us May 3, 1937, shows Republicans 250 and Democrats 261. Now, why is it that in the present Police Merit School there are over 60 Democrats and no Republicans, of whom 12 Democrats will have to be selected? It looks as if this so called Merit System is a Merit System for Democrats only.

Now after so many months we have finally received these lists, The Special Committee to whom was referred Resolution No. 3, 1937, beg leave to report that we have had said Resolution under consideration, and recommend that the same be stricken from the files.

E. R. KEALING, Chairman,
WM. A. OREN,
JOHN A. SCHUMACHER,
The Special Committee.

COMMUNICATIONS FROM CITY OFFICIALS

June 2, 1937.

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

In re: Appropriation Ordinances Nos. 22 and 23, 1937, and
General Ordinance No. 32, 1937.

I beg leave to report that pursuant to the laws of the State of Indiana, I caused notice by publication to be inserted in the Indianapolis News and Indianapolis Commercial on May 21, 1937, that taxpayers would have a right to be heard on the above ordinances at the regular meeting of the Common Council, to be held on the 7th day of June, 1937, and by posting a copy of the notice in the following places:

City Hall,
Court House and
Police Station.

Yours very respectfully

DANIEL J. O'NEILL, JR.

City Clerk.

Indianapolis, Indiana, June 6, 1937.

To the Members of the Common Council
of the City of Indianapolis, Indiana.

Gentlemen:

For the past two and one-half years I have introduced several different ordinances asking for restoration of the pay for the Indianapolis Police Department and the Indianapolis Fire Department. I have always maintained that the increase in prices and cost of living justified the restoration of previous pay cuts and I had sincerely hoped that the pay of our good Police and Fire Departments would have been restored two years ago.

Some have charged that because I was a Republican, any ordinance I introduced would not pass. I am now glad to see that some of the Democratic members of the Common Council have at last seen the true light on this situation and have introduced an ordinance along the lines I have been pressing for the past two and one-half years.

I am heartily in favor of the ordinance introduced to restore these pay cuts regardless of whether the ordinance is introduced by a Democrat or a Republican and I sincerely trust that all Members of this Common Council will justify my labors for the past two and one-half years and vote for the pending ordinance restoring salaries to the Police and Firemen.

Yours very truly,

EDWARD R. KEALING,
City Council.

June 5, 1937.

To the President and Members
of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

Attached find copies of Special Ordinance No. 5, 1937, providing for the annexation to the City of Indianapolis of certain territory described therein.

This territory sought to be annexed includes Little Eagle Creek

Park, an entrance therof, and the recently purchased Harding farm, which is to be developed into a large park.

We respectfully recommend the passage of this ordinance.

Respectfully yours,

BOARD OF PARK COMMISSIONERS,

M. E. GRIFFIN,

Secretary.

June 7, 1937.

To the Honorable President and
Members of the Common Council of
the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 24, 1937, appropriating the sum of \$4,513.00 from the unappropriated and unexpended 1936 balance of the general fund to Board of Public Works and Sanitation—Street Commissioner's Fund No. 12-2—Sewer Sanitation.

I respectfully recommend the passage of this appropriation ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

June 4, 1937.

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

Upon recommendation of the Street Commissioner, the Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$4,513.00, from the unexpended and unappropriated balance of the General Fund 1936 into Street Commissioner's Sewer Sanitation Division No. 12-2, and submit the same to the Common Council at its next meeting with the recommendation of the Board that the same be passed.

This additional appropriation is made necessary due to the increased amount of work caused by the sewers getting older and a greater liability to maintain, coupled with the increased amount of

new buildings where this department is compelled to locate the sewer connection.

Last year the Street Commissioner requested that the sewer department be increased to 40 hours per week but the County Tax Adjustment Board reduced the same to 32 hours.

This department cannot take care of the numerous complaints without increased working hours.

Very truly yours,

BOARD OF PUBLIC WORKS & SANITATION

/s/ ERNEST F. FRICK,
Executive Secretary.

June 7, 1937.

To the Honorable President and
Members of the Common Council,
City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 34, 1937, transferring certain sums of money from certain designated funds in the Department of Public Safety—Police Department budget, and reappropriating and reallocating the same to other designated funds in said department.

I respectfully recommend the passage of this general ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

May 18, 1937.

Mr. Walter C. Boetcher,
City Controller.
City of Indianapolis, Indiana.

Dear Sir:

On the recommendation of Chief Morrissey, we are asking that you cause to be prepared an ordinance transferring and reappropriating the following funds in the Police Department budget, under the Department of Public Safety, and that ordinance be presented to the Common Council with your recommendation for passage:

June 7, 1937]

City of Indianapolis, Ind.

Transfer \$40,711.98 from Police Department budget, Fund No. 11—Salaries and Wages, Regular, Patrolmen First Grade, to Police Department Budget, Fund No. 11—Salaries and Wages, Regular, Patrolmen Second Grade.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

By: THEO. H. DAMMEYER,

President.

May 25, 1937.

Walter C. Boetcher,
City Controller,
City of Indianapolis.

Dear Sir:

On the recommendation of Chief Morrissey, we are asking that you cause to be prepared an ordinance transferring the following money in the Police Department budget:

Transfer \$1,500.00 from Fund No. 11—Salaries and Wages, Regular, Patrolmen First Grade, and reappropriate this amount to Police Department budget, Fund No. 38—General Supplies.

Chief Morrissey advises that the original appropriation to Fund No. 38 is practically exhausted and, as all supplies for both the Bertillion Department and Scientific Laboratory are purchased from that particular fund, it is imperative that this fund be reimbursed in order that these two very important divisions of the Police Department operate for the remainder of the year.

Very truly yours,

BOARD OF PUBLIC SAFETY,

By: THEO. H. DAMMEYER,

President.

June 7, 1937.

To the President and Members of the Common Council
of the City of Indianapolis, Indiana.

Gentlemen:

This department respectfully calls attention to the ordinance proposing an amendment of Sections 3 and 24 of General Ordinance No. 87, 1935, and recommends the passage thereof.

The controller's office and the legal department have been having considerable difficulty in respect to matters which are the subject of the proposed amendment, and a number of law suits have been filed by owners of taxicabs licensed jointly with another party, seeking to mandate the controller to authorize the transfer, which, it would seem, the actual owner of the taxicab should be permitted to do.

The proposed amendment will greatly clarify the rather intolerable situation which exists in this matter.

Respectfully yours,

FLOYD J. MATTICE,
Corporation Counsel.

June 7, 1937.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Submitted herewith is General Ordinance No. 36, 1937, ratifying the transfer of taxicab license from the Union Cab Company and Clinton Cauldwell, and the Union Cab Company and Thurman Ramsey to Thurman Ramsey and we respectfully recommend its passage.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,
BLYTHE Q. HENDRICKS,
Executive Secretary.

Mr. Cable asked for a recess. The motion was seconded by Mr. Kealing and the Council recessed at 7:35 p. m.

The Council reconvened at 8:10 p. m., with all members present.

Respectfully yours,

Mayor

June 11, 1937.

To the Honorable President and
Members of the Common Council of
the City of Indianapolis.

Gentlemen:

I am returning to you herewith General Ordinance No. 33, without my signature.

I am doing this because I have been advised by the Corporation Counsel of the City of Indianapolis and the Attorney General of the

State of Indiana that this Ordinance is illegal, and that it violates certain laws of the State of Indiana which protect the fiscal integrity

and financial credit of cities in Indiana. These laws are identified as Chapter 233, Acts 1933, and Chapter 150, Acts 1935. The principles set out in these Acts are that the salaries fixed in the annual budget shall not be increased during the ensuing calendar year, and that except in cases of casualty, accident or extraordinary emergency, budgets as adopted by the Common Council for the year shall limit the expenditures for that year.

May I not suggest that you consider the matter involved in General Ordinance No. 33, to-wit: the restoration of salaries to the firemen and policemen of the City of Indianapolis, at the time when something may be accomplished along this line which will be legal and valid; that is, when the budget for the next calendar year is made up by your honorable body.

May I also suggest that you consider the claims of other employees of the City of Indianapolis to at least partial restoration of salary cuts made as to them during the period of the recent depression, with particular reference to the low wage scale groups employed at the City Hospital, Park Department, Sewer Department, and Street Commissioner's Department.

Because of my personal friendship for each individual member of the Council, I feel an obligation to convey to you the following quotation contained in the opinion recently given to me by the Honorable Omer Stokes Jackson, Attorney General of the State of Indiana:

"Your attention is further directed to a provision of the Act above quoted which makes any officer or officers of any municipal corporation, having authority to make appropriations for the expenditure of public money, guilty of malfeasance in office if they appropriate any money for any item set forth in the published budget in excess of the amount estimated to be expended, without having first given notice to the taxpayers and without certifying their determination to make additional appropriations to the state board of tax commissioners. The penalty is the amount of such excess so appropriated, together with costs and attorneys fees plus twenty-five per cent of such amount."

Respectfully yours,

JOHN W. KERN,
Mayor.

I respectfully recommend the passage of this general ordinance.

Yours very truly,

WALTER C. BOETCHER,
City Controller.

July 2, 1937.

Mr. Daniel J. O'Neill, Jr.,
City Clerk
Indianapolis, Indiana.

Dear Sir:

I hand you herewith eighteen copies of General Ordinance No. 47, 1937, entitled, "An ordinance providing for the registration of bicycles and the issuance of certificates of title therefor, the transfer of ownership of bicycles, the selling and painting of bicycles and parts thereof, prohibiting the mutilating or removing of registration numbers thereof, requiring presentation of certificates of title to the City Controller before issuance of bicycle licenses or making a transfer of such license, prescribing a penalty for violations thereof, and fixing a time when the same shall take effect."

This ordinance is intended to repeal General Ordinance No. 30, 1937, which provides for an unfair tax upon the children of the city of Indianapolis. While it may be considered the proper thing by some public officials to tax bicycles and baby buggies, I do not agree. The children of this city will have plenty to do to pay our future tax burdens already created by the administration and our government should at least let the kids finish their childhood without burdening them with a lot of unnecessary and foolish taxes.

Of course, we all believe in safety measures, but experience has proven that children must be educated to safety rather than legislated to safety. The thin veil of regulation as defined in the ordinance sought to be repealed, in my opinion is no more than a smoke screen for the creation of additional jobs for a few undeserving politicians.

It is not fair to tax children on the pleasures of childhood. If revenue sources are needed, why doesn't the city government stop the leaks of some of the larger taxpayers who are riding in the seat of privilege. I believe that the citizens of Indianapolis, whom you represent, are desirous of the repeal of the bicycle license ordinance. Certainly the citizens of Indianapolis have not demanded licensing of children's bicycles. The ordinance was evidently the creation of a few politicians looking for soft jobs at the expense of our kids.

Very truly yours,

EDWARD R. KEALING,
Councilman.

July 1, 1937.

City Clerk,

By Mrs. Dowd:

GENERAL ORDINANCE NO. 57, 1937

AN ORDINANCE concerning the weighing, sale and delivery of fuel in the City of Indianapolis, Indiana, providing penalties for its violation and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE
CITY OF INDIANAPOLIS, INDIANA:

Section 1. As used in this ordinance:

"Fuel means any anthracite or bituminous coal, coke or any manufactured or patented fuel not sold by liquid or metered measure.

"Retail fuel dealer" means any person, firm or corporation selling, or offering to sell and deliver, fuel in less than railroad car load lots.

Section 2. Every load of fuel sold in less than railroad car load lots by weight, and delivered by wagon, auto-truck or other vehicle, within the City of Indianapolis, shall be weighed by a duly licensed public weigher or deputy public weigher; a delivery ticket, as hereinafter provided, shall be issued by such public weigher for each such load and such delivery ticket shall be delivered by the driver or person in charge of the wagon, truck or other vehicle used in the delivery of such load to the purchaser thereof, or to his or their agent, at the time of delivery, and before any of the fuel is removed from the vehicle. When delivery is made, in case no person is present to receive such fuel, or if the purchaser or his or their agent cannot be located, then the delivery ticket shall be posted conspicuously at the place of the delivery before any of the fuel is removed from the vehicle.

Section 3. Any person, firm or corporation owning a scale or scales, in the City of Indianapolis, suitable for weighing fuel in load lots, when contained in any wagon, auto-truck or other vehicle, shall be eligible for appointment as public weigher in the City of Indianapolis, upon complying with the provisions of this ordinance.

Section 4. Any such person, firm or corporation desiring to be licensed as a public weigher, shall file an application, therefore, with the City Controller, on forms provided by such Controller, and shall set forth, therein, the location of the place of business for which such license is requested. Such applicant shall also execute and present with his application, a bond in favor of the City of Indianapolis, in the penal sum of One Thousand Dollars (\$1,000.00,) with surety as may be approved by the City Controller, conditioned for the faithful performance of such applicant's duties as a public weigher, and for the payment by such public weigher of any fine or fines which may be imposed upon him for any violation of said

applicant's duties as such public weigher. Upon compliance with the conditions above stated and upon payment to the City Controller of the sum of Forty Dollars (\$40.00,) as an annual license fee, the City Controller shall issue a license authorizing such applicant to act as a public weigher in the City of Indianapolis.

Section 5. Each public weigher shall have the power to appoint all necessary deputies to tend to such scales, but each such deputy public weigher shall furnish a bond in the same sum and conditioned in the same manner as that furnished by the public weigher. Each deputy public weigher or the public weigher appointing him, shall pay to the City Controller the sum of Ten Dollars, (\$10.00,) for an annual license fee as such deputy public weigher. Each public weigher appointing any deputy weigher shall be answerable for any and all acts of such deputy weigher in connection with the weighing of any fuel over the scale or scales of such public weigher; provided that such responsibility on the part of the public weigher shall not relieve the deputy weigher or liability for his own acts. Any public weigher shall have the right, at any time, after the appointment of a deputy by him, to cancel such appointment, it shall be the duty of such public weigher, upon cancelling such appointment, to immediately notify the City Controller that the appointment of such deputy has been cancelled, and thereupon such deputy shall cease to have any authority to weigh any fuel on the scales of such public weigher.

Section 6. Each public weigher licensed under the provisions of this ordinance shall provide his own scales which shall be of a kind or pattern approved by the inspector of weights and measures, and each such public weigher shall keep his said scales properly adjusted and repaired.

Section 7. Public weighers or deputy weighers shall, by virtue of their licenses, be entitled to weigh only over the scale or scales designated in any such license. Every public weigher acquiring a new scale or scales, after the issuance of his public weigher's license and desiring to weigh over such scale or scales, shall notify the City Controller of the location of such additional scale and thereupon such new location of such additional scale shall be entered by the City Controller on the original application for public weigher. If any public weigher changes the location of any scale, he shall immediately notify the City Controller and secure a transfer of such license for such new location, which transfer shall be issued upon payment of a transfer fee of \$5.00 and without further bond or license fee; provided, however, that any public weigher shall have the right, at any

time after the appointment of a deputy weigher by him, to assign such deputy to weigh over any scale or scales owned by him, them or it, the location of which is set forth in his license application or his supplementary license application.

Section 8. Public weighers owning a scale or scales suitable for weighing fuel loaded in wagons, trucks or other vehicles, shall weigh any such fuel when requested so to do by the person bringing the same to the scale of such public weigher. Each public weigher shall be present at his scale, either in person or by deputy, at all reasonable times during each day, excepting Sundays and holidays.

Section 9. Public weighers, when not the owners or sellers of the fuel weighed by them, shall be entitled to charge and receive a sum not in excess of twenty-five cents for each and every load or part of load of any fuel weighed by them over the scales of such public weighers.

Section 10. Each public and deputy weigher shall procure a seal, at his own expense, which seal shall be round in form not to exceed one and one-quarter inch in diameter of a type similar to a notary public's seal. The seal of a public weigher shall show his name around the upper half of the dies and his title around the lower half of the dies. The seal of a deputy public weigher shall have the name of the public weigher who appointed him, around the upper half of the dies, with his own name across the center of the dies and his title around the lower half of the dies. Such seal shall be stamped over the weights set forth therein upon each delivery ticket issued by such public or deputy weigher.

Section 11. Each public weigher shall issue a delivery ticket and a duplicate thereof, signed by him or his deputy, under his official seal, upon each of which tickets and duplicates thereof shall be written, or otherwise indicated, the name and address of the person, firm or corporation or association, selling or delivering such fuel and for whom the weighing was done; the gross weight of the load, the tare weight of the delivery vehicle, and the net amount in weight of the fuel being delivered in such vehicle; the name of the party who weighed it; the state in which the coal was mined, the name of the coal, brand or trade name, if any; the number of the vein or seam from which the coal was taken; the size and grade thereof, which size of all grades must be designated according to the openings in the screens over and through which each such size of coal is made at the place of production. In no case shall any public weigher state

in his delivery ticket the tare weight of any vehicle unless within three hours prior to the issuance of such delivery ticket, he shall have weighed the vehicle in such manner as to secure the weight as specified herein; provided, however, that in the case of a divided load, by which is meant a load containing more than one order for the same or different purchasers, no penalty shall be imposed by reason of the fact that the tare weight shown on the delivery tickets is only the original tare weight of the vehicle and equipment before loading, if in such case, each order has been weighed separately and the net weight of each separate order or delivery is correctly shown on the delivery ticket and such correct net weight is delivered. Each public weigher shall indicate on the delivery ticket the time that he weighed the vehicle before loading and the time that he weighed the vehicle after loading. One of such delivery tickets or the duplicate thereof, shall be delivered and surrendered by the person or persons in charge of the delivery of such load of fuel to the purchaser thereof, or to his agent or representative; and the other ticket or duplicate shall be retained by the person, firm or corporation making such sale for a period of not less than twelve months from date of sale. Each public weigher shall also keep and preserve a carbon copy of each delivery ticket issued. Each delivery ticket shall be numbered and accounted for, and the carbon copy shall be retained and preserved by such public weigher for a period of at least twelve months after weighing is performed. Such records shall be open to inspection by the fuel inspectors, inspector of weights and measures and his deputies and to the members of the police department of the City of Indianapolis.

Section 12. Any public weigher or any deputy public weigher who shall issue a delivery ticket giving a false weight or description of any fuel weighed by him, to any person, firm or corporation, upon conviction, shall be fined not more than \$100.00; and upon such conviction, the Mayor of the City of Indianapolis may revoke the license of such weigher or deputy weigher, and no license shall thereafter be issued to such weigher or deputy weigher in the same or succeeding year.

Section 13. Nothing contained in this ordinance shall be construed to prevent any retail fuel dealer from becoming public weighers and appointing deputy weighers to weigh the fuel being sold and delivered by such retail fuel dealer; and any delivery ticket issued by such retail fuel dealer, or the deputies appointed by same, covering fuel sold by such person, firm or corporation, shall be of the same effect as the delivery ticket issued by any other public weigher.

Section 14. The licenses herein provided for public weighers and deputy public weighers shall be for one year and shall expire on June 30. The applicants for licenses as public weighers or deputy public weighers, filed after the effective date of this ordinance, shall pay the license fee provided in this ordinance from its effective date, pro-rated to June 30, 1938.

Section 15. For the purpose of carrying out the provisions of this ordinance, the mayor is authorized and directed to appoint two fuel inspectors, who shall each be paid an annual salary of \$1800.00. Such fuel inspectors, under the direction of the City Controller of the City of Indianapolis, shall devote all of their time to the enforcement of the provisions of this ordinance, and they shall have the same power to make arrests as are now conferred by law upon the inspector of weights and measures of the City of Indianapolis.

Section 16. This ordinance shall be in full force and effect on and after January 1, 1938.

Which was read the first time and referred to the Committee on Public Works.

August 16, 1937

To the Honorable President and
Members of the Common Council of
the City of Indianapolis, Indiana.

Gentlemen:

I hereby submit to your honorable body, pursuant to the statutes of the State of Indiana, the proposed budgets of the departments of government of the City of Indianapolis for the year 1938, together with the proposed tax levies for the general fund and each separate fund, and also the budget of the estimated receipts of the special street fund to be derived from the gasoline fund, all of which is hereby attached, and which has been transmitted by and with the recommendation of the Honorable Walter C. Boetcher, City Controller, as required by law.

In your consideration of the budget, I assure you that the services of the controller, board members and department heads, and myself, are at your disposal. We will be glad to appear before you and give you all the information we possess.

Respectfully yours,

JOHN W. KERN,
Mayor

August 16, 1937

To the Honorable President and Members
of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

Having this day transmitted to you the proposed budget of the departments of the government of the City of Indianapolis, I feel that it is appropriate for me to communicate with you more in detail concerning those general items in which increased expenditures are proposed.

The greater portion of increased expenditures proposed consists of salary and wage increases in the total sum of approximately five

hundred ninety-two thousand dollars (\$592,000.00). Of this amount three hundred nintey thousand dollars (\$390,000.00) is budgeted to increase salaries of policemen and firemen. The greater part of this expenditure was mandated by the last session of the Indiana General Assembly. While the Legislature merely mandated general minimum salaries to the members of the two departments, it is quite obvious that salary differentials must be established in both departments according to rank, using the mandated minimum salary as a base. There has been an increase of approximately one hundred forty thousand dollars (140,000.00) in the various wage accounts out of which laborers in the various departments are paid. This increase was caused by the necessity of increasing the hourly wages of laborers employed by the city, because of general increases in the cost of living, and in order to avoid labor difficulties with our employees. In line with this item, it is generally recognized that during the period of the depression, laborers in the low wage brackets employed by city departments were paid wages falling far below any decent standards. There has been an increase of approximately sixty-two thousand dollars (\$62,000.00) to other employees of the city, which is caused by a restoration to such employees of pay cuts imposed upon their salaries during the depression. In view of the increases mandated by the Legislature to the policemen and firemen, whose tenure of office is for life, it is only just that pay cuts be restored to other city employees whose average salary was below that paid in the police and fire departments, and whose tenure is not permanent.

Two other considerable items of increase occur in the items for general supplies for city departments, and items for equipment. With regard to the increase in the general supplies item, it may be pointed out that during the depression several departments were embarrassed by reason of a lack of supplies necessary to the efficient conduct of their duties. There has also been a marked increase in all price levels, which is reflected in the increases asked in this item. With regard to equipment, it is generally known that as a result of rigorous economies practiced in all departments during the depression, there has been little spent in replacing outworn equipment, particularly motor equipment. As a result, we have reached the point where a continuation of this policy is in reality not sound economy, in that an inordinate sum would be required to keep the present outworn equipment in a state of satisfactory repair.

Because of the municipal election which will be held in 1938, it has been necessary to carry forty thousand dollars (\$40,000.00) in this proposed budget for the expenses of such election.

An increase of fifty-four thousand dollars (\$54,000.00) is requested in the budget item for buildings and structures. This is largely due to the necessity of constructing three new fire stations, in order to keep our fire department up to its present standard of efficiency, which is favorably known throughout the country.

An item of fifty thousand dollars (\$50,000.00) has been included in the proposed budget for track elevation, and I can not stress too much the importance to the entire city of a levy for this purpose. It is, in my opinion, imperative that this fund be kept up by annual levies, so that within a few years work can again be carried forward on this important civic improvement. To the extent that annual levies are increased and this fund thereby grows, we can avoid the issuance of bonds and thereby save considerably on interest charges.

Among other increases requested in the proposed budget are the following:

A contingency fund item of five thousand dollars (5,000.00) is requested because of the laws passed by the last Legislature which will prevent next year the granting of additional requests from city departments, and which also forbids transfers from one item to another. Unless a contingency fund is set up of considerable size, the City of Indianapolis would be helpless in case an emergency arose which called for the expenditure of any moneys, which was not foreseen and provided for in this budget.

The temporary loan interest item has been increased by two thousand eight hundred dollars (2,800.00,) due to the fact that we have been advised that the interest rate next year will probably be higher than it has been in the past.

An increase has been requested in the Sanitation Bond Fund Item of thirteen thousand dollars (\$13,000.00,) which is necessary this year on account of the utilization in making up the budget for 1937 of two great a sum from the balances in such item.

There has been an increase in the Board of Health Contingency Fund of twelve thousand five hundred dollars (\$12,500.00,) in order to cooperate in the very worthy fight started by the Federal and State Governments directed toward the eradication of syphilis.

Respectfully yours,

JOHN W. KERN,
Mayor.

Gentlemen:

Pursuant to Section 10306, Burns Revised Statutes of 1926, I am submitting herewith the budget estimates for the year 1938.

An estimated valuation of taxable property in the amount of \$507,765,670.00 has been used in computing the levies of all funds excepting the Sanitation Maintenance and Sanitation Bond Funds under the supervision of the Board of Public Works and Sanitation. In these two funds an estimated valuation in the amount of \$509,307,050.00 has been used because the Sanitary District includes Woodruff Place with an estimated valuation of 1,541,380.00. No percentage for delinquencies in tax collections has been taken into consideration in the preparation of these estimates for 1938.

Respectfully submitted,

Section 3. That the "Mayor's Contingent Fund" appropriation contained herein, in Fund No. 26-1 of the appropriations for the Department of Finance, shall be expended as follows: The Mayor shall determine that a contingency has arisen requiring the expenditure of an appropriation or any part thereof. He shall then notify the City Controller of such circumstances. The City Controller shall give his approval to the proposed expenditure and shall notify the City Council in writing, giving all pertinent facts regarding the contingency and the manner in which it is proposed to meet the contingency. The City Council shall then adopt a resolution setting forth the circumstances regarding the contingency and approving the proposed expenditure from the said appropriation. This procedure must be followed before any part of this appropriation may be expended. After such procedure has been carried out, then the money may be spent only for the purposes designated by the council in its resolution, and in the usual manner for spending other monies of the city General Fund.

GENERAL FUND: The above schedule does not contemplate the use of any unexpended balance on December 31st, 1937.

CITY SINKING FUND: The total amount \$615,199.91 required for maturities July 1st, 1938, and December 31st, 1938, is greater due to the transfer of the sum of \$244,604.46 formerly carried in City Controller's Fund 61-1, therefore a rate of \$.0982 is required which is \$.0303 greater than the rate for 1937.

FLOOD PREVENTION SINKING FUND: The total required amount \$136,195.00 for 1938 maturities is \$2812.50 less than the amount required for 1937. The rate for the levy required for 1938 is \$.0014 less than the rate for 1937.

WORLD WAR MEMORIAL BOND FUND: The rate of \$.0199 is necessary to meet the 1938 maturities and is \$.0007 less than the amount necessary to meet the maturities for 1937.

MUNICIPAL AIRPORT: Although the revenues have increased beyond the amounts received in 1937, it is necessary to create a levy of \$3,384.48 to balance the appropriation request.

FIRE PENSION: The 1937 statute provides for the complete budgeting of Fire Pension Funds. The above schedule contemplates the utilization of cash balances of \$58,899.21 and the use of Firemen's assessments, and other miscellaneous receipts.

PARK FUND: The above schedule contemplates unexpended appropriation balances in the amount of \$25,000.00 on December 31st, 1937, in order to produce the rate required of \$.0655.

SANITATION BOND FUND: The above schedule contemplates an increase of \$13,000.00 more than the required amount necessary to pay the maturities of 1938 due to the utilization of more balances for 1937 than the amount on hand December 31st, 1936.

TRACK ELEVATION FUND: The rate set forth contemplates the establishment of a reserve fund for use of track elevation construction, which, if spread over a period of years, will be utilized as a credit against a future bond issue, thereby saving accrued interest on the reserve established.

TAX LEVY RECEIPTS: Estimated receipts from the proposed levy in 1938 have been computed on the basis of estimated taxable property in the amount of \$507,765,670.00, which is \$6,351,260.00 more than the valuation of 1937.

The Sanitation Maintenance and Sanitation Bond Sinking Fund rates are computed on the basis of estimated taxable property in the amount of \$509,307,050.00, which includes Woodruff Place, estimated valuation of \$1,541,380.00, which shows an increase over 1937 of \$6,379,470.00.

NOTE: No percentage for Delinquencies in tax collections is taken into consideration in making the above schedules.

Section 10. All General Special, Appropriation and other ordinances in conflict herewith in any manner are hereby repealed. This Section shall not be in force and effect until on and after January 1st, 1938.

Section 11. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

COMMUNICATIONS FROM CITY OFFICIALS

September 6, 1937

To the Honorable President and
Members of the Common Council of
the City of Indianapolis, Indiana.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 29, 1937, appropriating the sum of Fourteen Thousand (\$14,000.00) Dollars from the 1936 balance of the Sanitary Maintenance and General Expense Fund to Department of Public Sanitation, Sewage Disposal Plant Fund No. 32—Fuel and Ice.

I respectfully recommend the passage of this ordinance.

Yours very truly,

H. M. TEBAY,

Acting City Controller.

August 27, 1937

Mr. Walter C. Boetcher,
City Controller.

Dear Sir:

I am enclosing herewith a copy of a communication from the Superintendent of the Sanitation Plant which is self explanatory.

"Re: Transfer of Funds—On April 26, I reported to you that it would be necessary to transfer from the unexpended balance of 1936 to Acct. No. VI-32 of this year's budget. At that time Mr. Boetcher suggested that the request for transfer be put off until such time as the need became pressing. My estimate is that we will be without funds to buy coal on about October 15.

"In order to have funds available at the proper time, an appropriation ordinance must be presented to the Council at their meeting on September 6. Second and third reading of the ordinance will be at the meeting of September 20. Usually it takes about two weeks for the Tax Board to act and this will bring it very close to the date when the funds will be needed."

/s/ DON E. BLOODGOOD.

In accordance therewith the Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating \$14,000.00 from the unexpended balance of 1936 Sanitation Maintenance and General Expense Fund to account No. VI-32 and submit the same to the Common Council at the next meeting with a recommendation of the Board that same be passed.

Very truly yours,

Board of Public Works and Sanitation,

/s/ ERNEST F. FRICK,

Executive Secretary.

RESOLUTION No. 7, 1937

WHEREAS, it is the desire of the City of Indianapolis to provide competent and adequate medical care and hospitalization for the indigent and destitute among its citizens; and

WHEREAS, such services have been provided at a tremendous, increasing cost to the city, due to unfavorable conditions during the past few years; and

WHEREAS, there are many border-line cases where our citizens who are otherwise self-supporting, continue to ask admission to our charitable institutions for free medical and hospital service; and

WHEREAS, on account of the ever increasing demand upon our charitable institutions to furnish free hospitalization and medical care, all of which tends to increase the cost of the operation of our institutions, and at times prevents those worthy and eligible for charity to receive prompt and necessary service; and

WHEREAS, there are many patients receiving hospitalization and medical care, either in part or entirely, who are financially able to care for same; and

WHEREAS, the physicians and surgeons operating in our City Hospital are willing to continue their great work to those who are deserving and eligible for charity service, but naturally resent the exploitation of such generosity; and

WHEREAS, it is our belief that for the good of all citizenship, both those who receive help and those who through taxation or otherwise give help for hospitalization and medical care, and for the integrity of our charitable institutions, that benefits be given only on the basis of proven need;

NOW THEREFORE BE IT RESOLVED, that the Honorable Walter C. Boetcher, Mayor of the City of Indianapolis, be and is hereby requested to appoint a Committee, to be known as a Central Registration and Certification Bureau, or such other appropriate name as the Committee may select. This Committee shall consist of one member from each of the following organizations:

Board of Health, of the City of Indianapolis; Indianapolis City Hospital; Indianapolis Foundation; Indianapolis Church Federation; Indianapolis Family Welfare; Indianapolis Catholic Welfare; Indianapolis Jewish Welfare; Indianapolis Community Fund; Indianapolis Chamber of Commerce; Indiana State Hospital Association; Indianapolis Medical Society, and Indianapolis Dental Society; and

BE IT FURTHER RESOLVED, that it shall be the duty of this Committee when so organized to analyze the feasibility of, make recommendations and prepare workable plans, for the establishment of a Central Registration or Investigating Bureau, the purposes of which are to be:

1. To investigate all applicants for free medical and hospital service from a financial and credit standpoint;

2. To arrange for prompt service to those who are actually worthy applicants for charity;

3. Eliminate all undeserving and unscrupulous applicants;

4. Classify the remaining into part-pay and full-pay cases as determined by the investigation; and

5. To place our tax-supported institutions and our physicians, upon whose generosity we must depend, upon a basically sound system of charitable services, unabused and unexploited, and in keeping with the ideals of social progress.

GENERAL FUND: The above schedule does not contemplate the use of any unexpended balance on December 31st, 1937.

CITY SINKING FUND: The total amount \$615,199.91 required for maturities July 1st, 1938, and December 31st, 1938, is greater due to the transfer of the sum of \$244,604.46 formerly carried in City Controller's Fund 61-1, therefore a rate of \$.0982 is required which is \$.0303 greater than the rate for 1937.

FLOOD PREVENTION SINKING FUND: The total required amount \$136,195.00 for 1938 maturities is \$2,812.50 less than the amount required for 1937. The rate for the levy required for 1938 is \$.0014 less than the rate for 1937.

WORLD WAR MEMORIAL BOND FUND: The rate of \$.0199 is necessary to meet the 1938 maturities and is \$.0007 less than the amount necessary to meet the maturities for 1937.

MUNICIPAL AIRPORT. Although the revenues have increased beyond the amounts received in 1937, it is necessary to create a levy of \$1,015.53 to balance the appropriation request.

FIRE PENSION: The 1937 statute provides for the complete budgeting of Fire Pension Funds. The above schedule contemplates the utilization of cash balances of \$58,899.21 and the use of Firemen's assessments, and other miscellaneous receipts.

PARK FUND: The above schedule contemplates unexpended appropriation balances in the amount of \$35,000.00 on December 31st, 1937, in order to produce the rate required of \$.0604.

SANITATION BOND FUND: The above schedule contemplates an increase of \$13,000.00 more than the required amount necessary to pay the maturities of 1938 due to the utilization of more balances for 1937 than the amount on hand December 31st, 1936.

TAX LEVY RECEIPTS: Estimated receipts from the proposed levy in 1938 have been computed on the basis of estimated taxable property in the amount of \$507,765,670.00, which is \$6,351,260.00 more than the valuation of 1937.

The Sanitation Maintenance and Sanitation Bond Sinking Fund rates are computed on the basis of estimated taxable property in the amount of \$509,307,050.00, which includes Woodruff Place, estimated valuation of \$1,541,380.00, which shows an increase over 1937 of \$6,379,470.00.

NOTE: No percentage for Delinquencies in tax collections is taken into consideration in making the above schedules.

Section 12. All General Special, Appropriation and other ordinances in conflict herewith in any manner are hereby repealed. This Section shall not be in force and effect until on and after January 1st, 1938.

Section 13. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

Gentlemen:

N. Nathan Swaim,
City Controller,
City of Indianapolis.

Dear Sir:

The Board of Safety has this date approved the recommendation of Chief Morrissey for the transfer of the following funds in the police department budget. The original request for appropriations to these funds was very materially cut when passing the 1937 budget and the balance remaining in the funds at the present time is not sufficient to meet the needs for the remainder of the year.

We, therefore, ask that you cause to be prepared an ordinance transferring in the police department budget

Thirty-three Hundred (\$3300.00) Dollars from Fund No. 11—Salaries and Wages, Regular, Patrolmen First Grade, and reappropriate

One Thousand (\$1,000.00) Dollars to Fund No. 26—Other Contractual, and

Twenty-three Hundred (\$2300.00) Dollars to Fund No. 33—Garage and Motor.

Respectfully Submitted,

Dear Sir:

The Board of Park Commissioners respectfully requests that you cause to be prepared an ordinance to be presented to the Common Council at its next meeting transferring certain sums for the following purpose:

The Park Board wishes to pay off the entire balance due in Barrett Law on property acquired some time ago from Roy O. Total sum of \$949.96 plus some interest.

The Board therefore requests that the sum of \$915.00 be transferred from General Fund No. 11, Salaries and Wages, Regular, into Fund No. 64, Taxes and Barrett Law, and this sum together with a very small balance now in Fund No. 64 will pay off both the above items.

The sum of \$915.00 may be secured by us in the following manner: there exists in Fund No. 115 a balance of \$388.06 due to the death of the custodian of Fall Creek, who will not be replaced in 1937; as Mr. Middlesworth, the Recreation Director is now on part time, we may transfer the sum of \$200.00 from his salary; the sum of \$350.00 was set up for use at Warfleigh Beach in 1937, but we did not open this beach, and from this \$350.00 we may transfer the needed sum of \$326.94. The three items will total \$915.00.

Some one from the Park Board office will appear before the Council on Monday for the explanation of this necessary action.

Respectfully,

/s/ LOUISE RICH
Auditor

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 40, 1937, appropriating Twenty-two Hundred Fifty (\$2250.00) Dollars from the anticipated unappropriated and unexpended 1937 balance of the General Fund to Gamewell Division Fund No. 22—Heat, Light and Power.

I respectfully recommend the passage of this ordinance.

Yours very truly,

H. NATHAN SWAIM,
Acting City Controller.

October 26, 1937.

H. Nathan Swaim,
City Controller,
City of Indianapolis.

Dear Sir:

The Board of Safety has this date approved the recommendation of John McNellis, Superintendent of the Gamewell Division, for the appropriation of \$2250.00 to the Gamewell Division budget, Fund No. 22—Heat, Light and Power, from which all traffic light bills are paid.

At the time of passing the budget for the current year this particular fund was cut from the original request and, at the present time, the small balance remaining in the fund is not sufficient to pay the bills for the month of October to say nothing of the higher bills that will come in for November and December. Unless the fund is reimbursed, bills for the operation of the traffic signals for the months of October, November and December will remain unpaid at the end of the year or the service of such signals discontinued from now on until the first of the year.

We, therefore, ask that you cause to be prepared an ordinance appropriating the sum of \$2250.00 from the anticipated, unexpended balance of the general fund of 1937 to the Gamewell Division budget, Fund No. 22—Heat, Light and Power.

Respectfully Submitted,

BOARD OF PUBLIC SAFETY,
By Theo. H. Dammeyer, President.

November 1, 1937.

I respectfully recommend the passage of this ordinance.

Acting City Controller.

October 20, 1937.

Mr. H. Nathan Swaim,

Dear Sir:

The Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$40,000.00 from the unexpended and unappropriated balance of Gas Tax Fund, 1937, into Board of Public Works and Sanitation Administration No. 26, Gas Tax.

This additional appropriation is made necessary due to the extension of the W.P.A. street paving program in the City of Indianapolis wherein Roosevelt Avenue, from Tacoma to Rural, and Audubon Road from the B. & O. Railroad to the Brookville Road were added to the original project.

November 1, 1937] City of Indianapolis, Ind.

Will you kindly submit the same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed?

Gentlemen:

Attached please find copies of General Ordinance No. 85, 1937, transferring the sum of Two Hundred Ninety-three Dollars (\$293.00) from Municipal Airport Fund No. 51—Premiums, Insurance, etc., to Municipal Airport Fund No. 33—Garage and Motor Supplies.

Acting City Controller.

October 28, 1937.

Mr. H. Nathan Swaim,

Dear Sir:

Upon recommendation of the Superintendent of the Municipal Airport, the Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance transferring the sum of \$293.00 from Municipal Airport No. 51 into Airport No. 33, and also the appropriation of the sum of \$800.00 from Municipal Airport revenue into Airport No. 22, and submit the same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed.

I am enclosing a copy of the recommendation of the superintendent of the Airport which explains the necessity of said ordinances.

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION,

/s/ Ernest F. Frick,

Executive Secretary.

October 27, 1937.

Board of Public Works and Sanitation,
City Hall,
Indianapolis, Indiana.

Honorable Gentlemen:

Due to the fact that I was required to furnish gasoline for the four-truck road patrol grader and caterpillar tractor that was loaned to me by the Street Commissioner and was used in the grading of the new northwest-southeast runway, it has caused a shortage in Fund No. 33, Garage and Motor. I would suggest that you direct a letter to the City Council for a transfer from Fund No. 51, which is Insurance, the sum of Two Hundred Ninety-three (\$293.00) Dollars.

I am also calling your attention to Fund No. 22, Lights. During the blind landing experiments in additional radio facilities it has stepped my light bills up considerably. I would suggest that the sum of Eight Hundred (\$800.00) Dollars be appropriated to meet the deficit that we will incur in the next four months.

Respectfully yours,

/s/ I. J. DIENHART,

Superintendent, Municipal Airport.

November 1, 1937.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 86, 1937, transferring certain sums of money from certain designated funds of certain departments of the City of Indianapolis, and reappropriating and reallocating the same to other designated funds.

Mr. H. Nathan Swaim,
City Controller,
City of Indianapolis,
Indianapolis, Indiana.

Dear Mr. Swaim:

Upon recommendation of the Superintendent of the Collection Department of the Sanitary District, the Board of Public Works and Sanitation respectfully request that you cause to be prepared an ordinance transferring the sum of \$100.00 from Collection Fund No. 33 into Collection Fund No. 22.

This transfer is made necessary because sufficient funds were not allotted in the 1937 budget to buy the necessary power and light.

Kindly present the same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed.

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION,
/s/ Ernest F. Frick,
Executive Secretary.

October 26, 1937.

Mr. H. Nathan Swaim,
City Controller,
City of Indianapolis.

Dear Sir:

Under date of July 29, 1937, the Board of Public Safety requested an ordinance drawn transferring \$6300.00 from Fund No.

71—Buildings, Structures and Improvements—Fire Department budget, to Fund No. 73—Land—Fire Department budget, for the purchase of land on which to rebuild Fire Station No. 1; the above transfer having been made by the Common Council and approved by the State Tax Board.

Since the transfer of the above funds an agreement has been entered into and land owned by the Board of Park Commissioners at West Michigan Street and White River Parkway, East Drive, transferred to the Board of Safety for the purpose of building the new station, thus eliminating the need for purchase of ground at this time.

We, therefore, ask that you cause to be prepared an ordinance transferring \$6300.00 from Fund No. 73—Land—and reappropriate this amount to Fund No. 71—Buildings, Structures and Improvements, Fire Department budget, so that this money may be used in the construction of the building since it is no longer needed for the purchase of ground.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,

By: Theo. H. Dammeyer,
President.

Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 42, 1937, appropriating the sum of Five Hundred Dollars (\$500.00) from the anticipated unappropriated and unexpended 1937 balance of the general fund to Department of Finance, City Clerk Fund No. 24—Printing and Advertising.

December 3, 1937

Mr. H. Nathan Swaim,
Acting City Controller,
City Hall,

Dear Sir:

At the last meeting of the Common Council on November 15, 1937, several ordinances were passed which require publication before they can be enforced, but due to the heavy demands on our Printing and Advertising Fund for this year we do not have enough money in that fund to take care of the publication of these ordinances, therefore I respectfully request that you cause to be prepared an ordinance appropriating the sum of \$500.00, from the unexpended and unappropriated 1937 balance of the City General Fund to Department of Finance, City Clerk, Fund No. 24—Printing and Advertising.

The above amount is merely an estimate of the amount required as we have no way of determining the exact amount necessary to publish those passed at the last meeting and those that probably will be passed at the meeting to be held on December 6th, 1937.

Very truly yours,

/s/ DANIEL J. O'NEILL, Jr.,
City Clerk.

December 6, 1937

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 43, 1937, appropriating the sum of Fourteen Thousand (\$14,000.00) Dollars from the anticipated unappropriated and unexpended 1937 balance of the general fund to Board of Public Works and Sanitation, Administration, Fund No. 22—Heat, Light, Power and Water.

H. NATHAN SWAIM,
Acting City Controller.

November 30, 1937

Mr. H. Nathan Swaim,
City Controller,

Dear Sir:

The Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$14,000.00 out of the anticipated unexpended and unappropriated balance of the General Fund 1937 into Board of Public Works and Sanitation Administration No. 22, Heat, Light and Power, which is made necessary by the fact that the 1937 request for this item was based upon the execution of a new contract for public lighting. As you know this did not materialize and we are now operating under an extension of the old contract and the saving anticipated was therefore not effected.

This fact was brought to the attention of the Common Council at the time of the submitting of the 1937 budget.

Will you kindly present the same to the Common Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed?

Very truly yours,

BOARD OF PUBLIC WORKS AND SANITATION,

Executive Secretary.

Mr. H. Nathan Swaim,

Dear Sir:

Owing to the fact that the Board of Health is now, and will continue to be, until May 11, 1938, without sufficient funds with which to meet its pay roll and expenses for the year 1938, the board desires that you take the proper steps to negotiate, in the year 1938, a temporary loan of \$125,000.00 in order to carry on the functions of said board.

This loan is to be payable out of the revenues and taxes levied in the year 1937, payable in the year 1938, for the general purposes of the board.

Will you please prepare an ordinance authorizing such temporary loan and present same to the Common Council at its next meeting?

December 6, 1937.

To the Honorable President and
Members of the Common Council,
City of Indianapolis.

Gentlemen:

In re: G. O. 101, 1937.

Submitted herewith is an ordinance prohibiting parking in a certain section of West Henry Street, and limiting parking to one and one-half hours between the hours of 7:00 a. m. and 6:00 p. m. in certain sections of Drover Street, Birch Avenue, Holly Avenue, Marion Avenue, Warren Avenue and Henry Street. We respectfully recommend the passage of this ordinance.

Respectfully submitted,

BOARD OF PUBLIC SAFETY,
BLYTHE Q. HENDRICKS,
Executive Secretary.

November 30, 1937

Mr. Daniel J. O'Neill, Jr.,
City Clerk
Indianapolis, Indiana.

Dear Mr. O'Neill:

I am enclosing herewith sixteen (16) copies of General Ordinance No. 103, entitled:

"An Ordinance amending General Ordinance No. 64, 1937, being an Ordinance regulating the parking of vehicles upon the streets of the city of Indianapolis, providing a penalty for the violation thereof, and fixing a time when same shall take effect."

This ordinance proposes to change the parking rules on the west side of Whittier Place, north of Washington Street. As the law now is, one hundred and eighty-five feet north of Washington Street has been restricted. An investigation in that community indicates that only fifty feet north of Washington Street is necessary to be restricted to meet the need. This ordinance merely amends the existing ordinance to restrict fifty feet north of Washington Street instead of one hundred and eighty-five feet.

I recommend the passage of this ordinance.

Very truly yours,

EDWARD R. KEALING,
City Councilman.

At this time those present were given a chance to speak on matters pending before the Council.

Mr. Cable asked for a recess. The motion was seconded by Mr. Fritz and the Council recessed at 7:45 p. m.

The Council reconvened at 8:30 p. m. with all members present.

COMMUNICATIONS FROM CITY OFFICIALS

December 20th, 1937

To the Honorable President and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

In re: A. O. No. 42, 43, and
44, 1937

I beg leave to report that pursuant to the laws of the State of Indiana, I caused notice by publication to be inserted in the Indianapolis Times and Indianapolis News on December 9th, 1937, that the taxpayers would have a right to be heard on the above ordinances at the regular meeting of the Common Council, to be held on the 20th day of December, 1937, and by posting a copy of the notice in the following places:

City Hall,
Court House and
Police Station.

Yours very truly,

DANIEL J. O'NEILL, JR.,
City Clerk.

December 17, 1937

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

Attached please find copies of General Ordinance No. 104, 1937, amending Section 1 of General Ordinance No. 55, 1928, fixing the fee of keeping or harboring any animal of the canine kind, at One Dollar (\$1.00.)

As you will remember this council on December 6, 1937, passed General Ordinance No. 97, 1937, requiring all owners of dogs before they can secure 1938 license for these dogs must have a certificate from a Veterinarian showing the dog had been vaccinated to prevent rabies.

In view of the fact that by passage of this ordinance, an additional burden of about \$1.00 would be placed on these people, I am introducing this new ordinance, so that with the required vaccination and the license, there would be no additional expense and that the total cost would be the same as before.

I would like to state further, that the ordinance requiring all dogs to be vaccinated is in the right direction. It certainly is an added safety measure for the People of Indianapolis and especially their Children.

Along this line, I also recommend to the proper City Officials, now that the new dog pound is in operation, that a decided effort be made to rid the city of stray dogs. Discontinue the present haphazard method of collecting dogs, and see that ALL stray dogs are gathered up and be disposed of according to law.

I mention the above because it ties in with the compulsory vaccination and the license.

Therefore, I sincerely hope that this council will pass this ordinance unanimous, reducing the fee to one Dollar only, instead of Two Dollars thereby making the combined cost of the vaccination and the license the same price as is now in effect.

I honestly believe that if this ordinance passes, that the People of Indianapolis will know that the Council is trying to do the right thing and not put any additional burden upon them, that they will cooperate more willingly and that more licenses will be sold than ever

before, knowing that they will be playing their part in a Safety Campaign for the betterment of the citizens of Indianapolis and their children.

Very truly yours

JOHN A. SCHUMACHER,
Councilman
